

Georgia Strait Alliance

Stewards of the Strait

As a Smart SCUBA Diver I will...

-  **Stay Informed About The Marine Life and Fragile Ecosystems In My Dive Areas** and respect all creatures during my dive.
-  **Ensure All My Equipment Is Well Secured** to prevent injury to marine life and habitat.
-  **Keep My Diving Skills Sharp** with continuing education and by practicing good buoyancy; finning and body control; and backwards swimming techniques to avoid unnecessary contact with the underwater world.
-  **Avoid Stirring Up Sand Or Silt** so as to not cover up marine life.
-  **Dispose Of Garbage Properly** at my dive sites and whenever possible collect recent garbage during my dives.
-  **Resist The Urge To Collect Souvenirs.**
-  **Stay Informed On The Latest Fish And Game Regulations** and obey all associated laws.
-  **Report Any Environmental Disturbances Or Destruction** of my dive sites.
-  **Be A Role Model** for other divers in diving and non-diving interaction with the environment.
-  **Get Involved In Activities That Protect Marine Life** and support Marine Conservation Groups.
